

GEAR UP WITH GREAT SUPPLIES

Stock up on top-notch cleaning supplies that'll make your job a breeze. Grab eco-friendly products to keep it green while you get your clean on. Think multisurface cleaners, microfiber cloths, scrub brushes and a trusty mop.

So Fresh & So Clean

Kick dust bunnies to the curb and say ta-ta to grease and grime—spring cleaning season has arrived! With the right tools and products and some savvy strategies, you'll have your home looking fresh and fabulous in no time.

MICROFIBRE MAGIC

Wave goodbye to dust with microfiber cloths and mops. These little wonders trap dirt like nobody's business without the need for harsh chemicals. Get ready for streak-free surfaces and shiny floors!

SCRUB AWAY THE GRIME

When dirt puts up a fight, bring in the heavy hitters—scrub brushes and sponges. They'll tackle stubborn stains and sticky messes with ease.

STEAM POWER

Harness the power of hot water vapour to sanitize surfaces and blast away germs and grime without the toxic ingredients found in some cleaning products. Your tile grout, countertops and upholstery will thank you!

UPGRADE YOUR VACUUM GAME

Say hello to cleaner carpets and fresher air with a vacuum upgrade. Opt for one with HEPA filtration to suck up all those pesky allergens—stat.

The Original Scrub Daddy Gentle Scrub SPONGE, \$6, canadiantire.ca.

THESE SNEAKY SPOTS OFTEN GET OVERLOOKED—BUT DEFINITELY DESERVE YOUR ATTENTION.

UNDER AND BEHIND FURNITURE

Dust bunnies love to hide under the bed, don't they? This is a perfect time of year to suck them all up.

CEILING FANS AND LIGHT FIXTURES

Grab a duster and get to work on removing built-up dust and debris (before you turn on your fan!).

BASEBOARDS

You'll want to vacuum these first, then wipe them down with a damp cloth to really make them shine.

WINDOW TRACKS AND SILLS

In between and around windows is where dirt (and dead bugs) tend to accumulate. Don't forget to give the area a good wipe down.

KITCHEN APPLIANCES

Giving your appliances a deep clean (inside and out!) is no small feat, but it's well worth it in the end. Pull out your fridge and stove to clean behind them, too.

AIR VENTS AND FILTERS

Keep your HVAC system running smoothly by cleaning vents regularly and replacing filters. If you've got any other filters to replace, like a central vac system, do them now so you can keep track of when you changed them.
